Re: Assembly Concurrent Resolution 1  
Introduced by Assembly Member Quirk – Silva and Steven Choi  
Relative to the Taekwondo Day

Dear Honorable California State Legislature Member;

I am writing to you in support of Assembly Concurrent Resolution No. 1, which would designate September 4, 2021 and all succeeding years as Taekwondo Day. Such a designation would recognize the merits of Taekwondo and the rich diverse cultural heritage the Sports Taekwondo represents in California’s multi-ethnic communities with wide-ranging martial arts practices.

I truly believe that the designation would not only enrich the Korean American community, but all of California. As Taekwondo is one of only two Martial Arts fields represented in Summer Olympic Sports. Furthermore, Taekwondo has been adopted as a fight-training course for our military and law enforcement personnel. With Taekwondo being the forefather of the Hallryu, Korean wave known as K-Pop, K-Drama, and growth of Korean culture appreciation in the United States, I support ACR 1.

Sincerely,
