Korean Cultural Center Los Angeles (Director Nakjung Kim), Korean-American Calligraphy Association (President Junwoong Chun) proudly present the 27th Annual exhibition from August 30 to September 14, 2017 at the Korean Cultural Center Art Gallery, located at 5505 Wilshire Blvd. Los Angeles, CA 90036.

It has been well known that line and shape are the basic elements of creative expression. Calligraphy is an art form where basic training is concentrated on making brush strokes of these elements until mastery is achieved and exemplified in an art form.

This organization established in 1990, they always present the outstanding art works to us. This exhibition includes works of calligraphy, ink-and-wash painting, and Korean painting by over 42 local artists. This show will be a great opportunity for many from other diverse communities to explore the beauty of Korean calligraphy, which has transcended the spirit and wisdom of the Korean people for more than a thousand years.

Following the opening ceremony, the special event “Korean Culture Day” will be started. The calligraphers will write your name in Korean and you can learn how to write your name in Korean also. These two events will be an excellent chance for Koreans in America to discover their heritage and identity. Furthermore, this show will be an enlightening experience for everyone about Korean culture and art to the people from different communities in Los Angeles.
