Director Sangwon Jung said, "Under the theme of traditional Korean culture, these installations showcase the lives of men and women in traditional Korean society and will help to shed light on the experiences of Koreans during the Joseon Dynasty at a glance. We also hope that these installations help to spread Korean (Hallyu) content that can be enjoyed by everyone who already likes K-pop, as

well as anyone interested in learning about traditional cultures, and those who are new to Korean culture.”
